- **Cultural & Business Destination**

With a thriving business environment and vibrant cultural attractions, Chennai offers the perfect blend for professional engagement and leisure.

- **Robust Infrastructure**

The city boasts excellent transport facilities, including a well-connected airport, extensive road networks and railways, making it accessible for both domestic and international participants.

- **Thriving Economy**

As a centre for trade and commerce, Chennai supports various industries including chemicals and manufacturing, providing a fertile ground for the paint and coatings sector.

- **Vibrant Business Ecosystem**

A thriving environment supported by government initiatives aimed at promoting trade is the perfect backdrop for this comprehensive exhibition.

MARKET DYNAMICS

The Indian Paints and Coatings market size is estimated at USD 9.56 billion in 2025, and is expected to reach USD 15.00 billion by 2029, growing at a CAGR of 9.38% during the forecast period (2025-2029). The decorative paint category constitutes almost 75% of the overall market and the industrial paint category constitutes the balance of 25% of the paint market.

Rapid Urbanization and Infrastructure development have led to a surge in construction projects, directly increasing demand for architectural paints used in buildings and structures. Government programs and allocation for affordable housing have boosted demand for paints

The automotive sector's growth has led to increased demand for paints, particularly acrylic coatings used in interior and exterior surfaces.
